Student: _____ Grade: _____

Referring Teacher: _____ School: _____

Current Level of Mastery: _____

Goal: To increase the Letter Naming Fluency from _____ to _____

Frequency of Intervention: Tier 2: 3 days per week, 20 minutes per day

Tier 3: 5 days per week; 20 minutes per day

Frequency of Progress Monitoring: 2 days per week

Method of Progress Monitoring: DIBELS Letter Naming Fluency

Interventionist: _____ **Position:** _____

Materials:

- Alphabet Arc (See RtI Manual Resources)
- Uppercase set of letters in a container

Intervention Steps:

1. ____ The interventionist has the student review the sequence of the alphabet.
2. ____ The student and interventionist say the letter as the student touches it on the alphabet strip at the top of the arc.
3. ____ The student places all letters on the desk.
4. ____ The student says the letter name, finds it on his desk, and places it on the arc.
5. ____ Interventionist says "Let's do the first letter. Name it: **A**. Find it. Place it on the arc."
6. ____ Interventionist says "Find the last letter. Name it: **Z**. Find it. Place it on the arc."
7. ____ Interventionist says "Find the two middle letters. Name them: **M,N**. Find them. Place them on the arc."
8. ____ Interventionist says "What's the next letter? Name it: **B**. Now, find it. Where do you place B on the arc?"
9. ____ Interventionist says "That's right, place the **B** after the **A**. Finish placing the remaining letters on your arc in the correct order."
10. ____ Interventionist says "Remember, say it, find it, and place it."
11. ____ When the student has finished placing all the letters in their arcs, have them proofread by touching and naming each letter. They can use the alphabet strip at the top of the arc to help them self-check.
12. ____ Interventionist says "Let's put our letters back in the containers. Say the letters as you return them in sequence to the container."
